The columns of a newspaper represent a valuable medium for advertising "notices free any more than a merchant can afford to pay for advertising his goods or shoes. A newspaper is a legitimate medium for advertising his goods and its stock in trade, and advertisements should be paid for, no matter what part of the paper they appear.

**\$7.65**  
**SUIT**  
**SALE**

... We will continue to sell \$10, \$12 and \$15 Suits for \$7.65 during this entire month.

... There are two reasons for this. One is that we find we have many more good Suits to put in this sale than we thought we had. The other reason is that our many country patrons are in the midst of the heaviest work of the year and did not have an opportunity to avail themselves of these splendid bargains; hence, the sale continues during the month. Don't miss the opportunity of buying for \$7.65 a Suit of clothes that would cost you \$12 to \$15 elsewhere, and at these prices you would not pay too much for them; they are worth it.

Respectfully,

The Hawaiians Informed of the Annexation of the Islands to the United States.

## THE COPTIC ARRIVES AT HONOLULU.

The Whistles of the Factories, Mills, Foundries and Steamers Were Turned Loose.

**Fireworks Set Off and a Salute of One Hundred Guns Fired—Captain of the Coptic Presented with a Silver Cup by the Citizens.**

SAN FRANCISCO, July 27.—The steamer Mariposa has arrived from Australia and Honolulu, bringing the following advice:

HONOLULU, July 20.—The steamship Coptic arrived from San Francisco on the evening of the 13th inst., with the important news that the United States senate had ratified the Newlands resolution, making Hawaii a part of the United States.

Lying before the vessel had reached the harbor it was known that the steamer brought annexation news, the information being signalled to the Mohecans.

Whistles of factories, mills and steamers were turned loose and pandemonium reigned. Fireworks were set off and 100 guns were fired on the grounds.

At the same time the Hawaiian band marched through the streets to the wharf playing American patriotic airs. An immense procession was formed and a march was made to the executive building.

President Dole was at his beach home when the steamer was sighted. He and his wife reached the wharf as the steamer tied up.

Capt. Seaby, of the Coptic, was presented with a silver cup by the citizens of Honolulu for bringing the news. The cup bore the inscription:

"Annexation. Presented by the citizens to Capt. Inniss Seaby, R. N. R., who brought the good news to Honolulu."

The leading men of Honolulu met to plan and recommended Harold M. Sewall, U. S. minister to Hawaii, for governor of the islands. It had been generally thought that President Dole would be their choice.

The Ohio, Para, Valencia and Indiana, four vessels of the third fleet of transports which returned to Honolulu on account of an accident to the Indiana, had sailed here about 24 hours and sailed again for Manila on the 9th. There was some defect in the boilers of the Indiana.

The Monadnock and the Nero sailed on the 13th.

## MOTIVES OF HUMANITY.

Prince Henry of Prussia, Makes an Official Statement in Regard to the Irene Incident at Subig Bay.

BERLIN, July 28.—A dispatch from Spanish Wednesday says an official statement from Prince Henry of Prussia, in regard to the Irene incident at Subig bay, Philippine islands, has been published in the Ost-Asiatische Lloyd. It says the Irene went to Subig bay to take off some Spanish women and children who were distressed in Iloilo Grande, the German shipping having a steamer belonging to the insurgents, which left without any difficulty arising. On returning the Irene met outside Manila bay two United States ships, which did not speak to her.

In conclusion, the statement sets forth that the removal of women and children was effected from motives of humanity and with a strict observance of the rules of neutrality.

## PEACE OVERTURES

They Cause a Suspension in Interest in the Military and Naval Situation.

### PRESENT PHASE REMAINS UNCHANGED.

Nothing Will Be Made Public in Matter Until After the Cabinet Meeting on Friday.

**The Point of Interest is the Extent of the Demand Likely to Be Made by the United States as to Conditions of Peace.**

WASHINGTON, July 28.—The initiation of overtures for peace has had the effect of suspending in a large measure, for the time being, at least, interest in the military and naval situation. Though it is known through the open admission of the members of the administration that the present peace phase would remain unchanged until after another cabinet meeting on Friday there was still evinced a desire to discuss this matter in its every aspect.

Naturally the first point of inquiry was the exact shape taken by the Spanish presentation of Tuesday. Curiosity on this point remained ungratified, and must probably continue for some days to come, the president having decided that nothing more definite than the statement issued from the white house Tuesday shall be given to the public at this time. The motive is a prudent one,

No payment of a war indemnity is contemplated now.

When terms shall have been agreed on behalf of this government in a special session of the senate will be called to ratify the treaty.

the attempt to be made to arm the south, owing to the heterogeneous and ill-favored character of the large population of the islands, while any effort to unite with other powers in a joint administration might be fairly expected to result unsatisfactorily as the tripartite arrangement between the United States, Great Britain and Germany for the government of Samoa proved.

Naturally there is a great deal of speculation as to what terms the president will propose. It has been said all along that the president does not mean to be harsh, but he is determined to hold all the territory yet taken until at least after peace has been established. In a few days, after the formal presentation of the Spanish demands, the ambassador will be notified and will receive the communication for transmission to the Spanish government.

In all probability the reply of this government will include the following terms:

The independence of Cuba under the protection of the United States. The cession to the United States of the island of Porto Rico.

Retention of the Philippines, the Ladrones and Caroline islands, at least for the present, under a protectorate, with the final retention by this government of a coaling station in the Philippines and the future control of the United States and all the powers holding interests in Pacific ocean.

It is felt that the application will be granted, but it will not be until after the trial of the effects of safeguards to prevent loss of any advantage to the United States and open binding pledges that certain well defined objects are to be conceded to us.

It is virtually admitted by leading members of the administration that upon only one point in peace negotiations is there likely to be some friction, and that is the future of the Philippines. As to Cuba and Porto Rico the government feels that there is a reasonable certainty of encountering little opposition to our demands.

The Spanish government might insist upon the proposition thrown out by the vaticans Tuesday, namely, that the United States shall annex Cuba, the ostensible purpose being to secure full protection for the Spanish element left in the island, but while this would be a vexatious point it would yield to adjustment.

As to the Philippines there is a full expectation of greater difficulties to be surmounted. There is reason to believe that these difficulties, like the Cuban settlement, will be rather international than international in their character.

Miss Susie V. Gille of Ripley will teach one of the schools at Vanceburg next session.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this as an evidence of its great value, not that you need it to advertise your meritorious remedy. G. M. LAW, Keokuk, Iowa. For sale by J. J. Wood & Son, Duggins.

Governor Bradley refused a pardon to Ed Crump, sent up from Nicholas for manslaughter.

The Internal Revenue office will be closed at 10 o'clock Friday morning, July 29th. No stamps will be sold after that hour. This is necessary in order to make the count of the thousands of stamps on hand and to complete reports so that they will reach Lexington Saturday morning. Sales of stamps will be resumed Monday morning, August 1st.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Doraville, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by J. J. Wood & Son, Drugists.

CHAUTAUQUA  
Something About the Pleasures of This Delightful Summer Resort

The twenty fifth season at Chautauqua shows larger numbers than usual so early. The audiences in the amphitheater are as large now as often seen in August of other years.

There are many students registered in the College and the New York State School.

The South—always well represented at Chautauqua—seems us more than usual.

Texas, Mississippi and other states of the far South have more delegates than in former seasons. A party of ninety-eight from Washington and vicinity came in one day. Librarians from all over the country visited us, and the Baptist Young People came down from their convention at Buffalo.

Bishop Daniel A. Goodsell, now of Chattanooga, gave us an excellent sermon Sunday and Wednesday of this week. Rev. John Barbour led the prayer meeting in the Presbyterian House.

Prof. Dupont Syle of the University of California is lecturing very acceptably on the drama.

Captain Charles McIlvane is telling us about Tadodale. Drs. Moose, Bainbridge and others give excellent advice on the care of our body. But the largest audiences, of course, are found at the evening entertainments.

While enjoying life at Chautauqua one is not entirely cut off from the outside world. By a special arrangement the news is telegraphed to us and comes out in our Chautauqua paper before the New York or Buffalo papers can reach us. The disappearance of the old street lamps with advent of electricity helps to make one feel that they are not such a vast distance from city comforts, though surrounded by the grand forest trees.

Among the many who are enjoying life at Chautauqua are: Mr. and Mrs. G. B. Blasterman, Mr. and Mrs. John Barbour and children, Mrs. J. F. Barbour and children, Mrs. E. C. Phister, Miss Amy Phister, Miss Fannie L. Hays, Miss Maud Adair and Miss Agnes Dodson.
